ABOUT ME

I am Hasamuddin Afzali, a dedicated and motivated individual pursuing a career in the field of computer science and engineering. I was born on May 19, 1999, in the picturesque town of Karabuk, Turkey.

My educational journey began at Karabuk University, where I earned my Associate Degree in Computer Programming. During my time in this program, I developed a strong foundation in various programming languages, software development, and problem-solving skills. This educational milestone not only honed my technical abilities but also instilled in me a passion for technology and its limitless potential.
